Market Research Officer & Data Analyst | AVIV Group – Meilleurs Agents / SeLogger, Paris | March 2022 – August 2022

- Extracted and analyzed data via SQL (internal databases) and built Power BI dashboards to track brand image and user profiling for the AVIV Group (Meilleurs Agents, SeLogger) — covering multiple market segments across France.
- Conducted quantitative and qualitative market research in collaboration with the Brand, Product and Operations teams, delivering insights as visual Power BI reports presented in steering committees.
- Formulated data-driven operational recommendations, contributing to the optimization of the group's positioning strategy and improved cross-team decision-making.

Market Research Analyst | Helvetia Education Group, Switzerland | April 2021 – December 2021

- Contributed to the creation of Helvetia's official “Connecter” platform.
- Conducted in-depth market research on the European education sector, presenting the findings via Microsoft Power BI.
- Managed client feedback and helped resolve software issues, contributing to a 16% increase in sales.
